### Program Rules

1. This program is not subject to alteration with rates that may be provided in any other tariff or agreement.
2. Actual pallet count must be noted on Bill of Lading in the left hand column instead of on the total loose pieces. The actual piece count can be written elsewhere on the B/L.
3. The number of pallets tendered or received by a single location will be totaled daily to determine the proper rating of shipments.
4. Pallet pricing applies on palletized dock-to-dock shipments only. For the purposes of this program, "pallet" will be defined as any type of handling unit which has been designed to be handled by a standard fork lift. Freight must be enclosed in protective packaging and secured to pallet.
5. If pallet count is not indicated on the B/L and/or if shipment is outside the Pallet Program rules or territory, Davis Cartage class rates and rules will apply with a 75% discount, subject to a minimum charge of \$75.00 US Domestic; \$165.00 International.
6. Pallet rates apply to pallets not exceeding 50" (L) x 50" (W) x 60" (H)\* (height inclusive of pallet) in any dimension. If pallet exceeds 50"x50"x60: in any dimension, each pallet will be billed and charged at 200% of the otherwise applicable "per pallet" rate. If a shipment contains any pallets with any dimension exceeding 90", or any two dimension both exceeding 60", the entire shipment will

be subject to standard LTL rates and rules and will not be accepted under the Pallet Program.

7. Maximum pallet weight is 3,000 pounds. If the weight of a pallet exceeds 3,000 pounds, the overweight charge will be rated at \$15.00 per hundred weight. When shipment consists of more than one pallet and the weight of each pallet is not shown on the B/L, the method for determining average weight per pallet shall be to divide the total weight of the shipment by the number of pallets to get the average weight per pallet.
8. Pallet rates will apply on individual shipments consisting of 1-8 pallets. Each individual pallet above 8 on a single shipment will be rated at 200% of the applicable Pallet Rate. For example, if a shipper tenders 12 pallets on a single shipment, shipper will be invoiced for 8 pallets at the applicable rate and for 4 pallets at 200% of the applicable pallet rate.
9. Any pallet that is marked or tagged, "Do Not Stack"; "Fragile – Handle with Care", or with similar precautionary remarks will be billed at 150% of the otherwise applicable "per pallet" rate.
10. Any individual shipment with a TOTAL WEIGHT OF 20,000 POUNDS OR MORE or OCCUPYING MORE THAN 20 LINEAL FEET OR MORE will be rated at \$2.95 per mile subject to a minimum Truckload charge of \$475 plus Davis Cartage Truckload Fuel Surcharge.
11. Pallet rated shipments will be subject to all rules and accessorial charges contained in Davis Cartage 1000 (Series) Rules Tariff plus the following list of accessorial changes that specifically apply when pallet rates are used.
